Document D — Completion Checklist

## Signing & Filing Guidance

### 1. Before you sign Document A (LONO)

- Replace every [SQUARE BRACKET] placeholder with accurate legal names and percentages.
- Confirm the signatory has authority (board minutes, PoA, or is the individual shareholder).
- Align UBO / shareholding disclosures with CR12 / incorporation documents.
- Have Kenya counsel review — especially if the Sponsor is foreign or a regulated entity.
- Print on Sponsor letterhead if the Sponsor is a company; attach certificate of incorporation.
- Consider notarisation / apostille if CBK or counsel so advises for foreign Sponsors.

### 2. Who should issue a LONO?

- Each significant individual or corporate shareholder (thresholds per counsel / CBK expectation).
- Any parent company if ZENI is a subsidiary.
- Any related Kenyan licensed institution, if group structures create affiliation (to confirm no conflict).
- Technology / brand licensors only if using third-party IP central to the licence case.

### 3. Filing with CBK

- Submit originals or certified true copies as directed in the prevailing application guidance.
- Keep a complete duplicate pack on the Company Secretary's file.
- Update LONO if shareholding changes before authorisation is granted.
- Never back-date signatures.

### 4. Related ZENI pack

This LONO pack is designed to travel with **ZENI\_CBK\_Business\_Plan.pdf**. Together they form a presentation-ready narrative and consent layer; the formal CBK application forms, capital proof, police clearances, and policy manuals remain separate mandatory files.
